Operations Planning

**BROADSWORD
DEFENSE**
ONE TEAM ONE MISSION

We have limited control over a crisis happening, but we do have control over how we respond to every critical event. Cost effective initiative in a climate of limited resources and time constraints. Development of a flexible and easy to learn Emergency Operations Plan (EOP) for response to weather, fires, accidents, unlawful activity and other threats.

Leadership and Advising. “Where do we start”, we have over 30 years of experience and a vast network to answer those questions not just in the development stages, but whenever you have questions. We’ll help you get the most of your drills and ensure you maintain the proper and up to date records based on Government requirements.

CORE COMPENTENCIES

- Develop Emergency Operations Planning (EOP)
- Monitoring and Evaluating Tailored Programs
- Training and Developing Your Employees
Response to Critical Incidents
